EDUCATION

Savannah College of Art and Design | Sep 2023 - Expected May 2027

BFA in User Experience Design | GPA: 4.0/4.0

Dean's List and Excellence Scholarship: 2023, 2024, 2025

EXPERIENCE

Chance AI | Product Designer | Jun 2026 - Present

- Designed **AI response experiences** for a consumer AI social product, connecting photo uploads, analysis, result feedback, and sharing through **clear user flows**.
- Structured complex agent outputs into **interactive result cards**, refining **information hierarchy and interaction states** for loading, input limits, errors, and contextual follow-up questions.
- **Iterated Figma prototypes** using user feedback and collaborated with **product and engineering teams** to review interaction behavior, implementation constraints, and design refinements.

Deloitte x SCADpro | UX Designer | Mar 2026 - May 2026

- Used **heuristic evaluation**, competitive analysis, and **journey mapping** to identify gaps in public health registration, information comprehension, service discovery, and navigation.
- Designed a **constrained AI assistant concept** with intent classification and structured responses linked to official health resources, including **confirmation before navigation**.
- Translated research findings into **information architecture** and public health **service navigation flows**, defining how users discover resources and move to relevant official services.

Ipsos | UX Researcher | Jun 2025 - Aug 2025

- Contributed to an automotive service research project through **service-ticket analysis and interviews**; synthesized qualitative findings into **themes and personas**.
- Identified inconsistent information, slow responses, and disconnected **online/offline journeys**; translated findings into actionable **service improvement recommendations**.
- Supported a **team research effort** combining focus groups and quantitative methods to inform **product requirements and service blueprints**.

SELECTED PROJECT

Axel | UX Designer and Researcher | Sep 2025 - Nov 2025

- Analyzed **restaurant delivery workflows** and **stakeholder interviews** to identify fragmented information, delayed visibility, and opportunities for clearer operational decisions.
- Designed Today's Summary dashboards, **unified order management**, and Define Action flows in Figma, including **approval, partial-failure recovery, and human-handoff states**.

SKILLS

Design and delivery: Design systems, Figma **components and Variants**, design specifications, brand consistency, **engineering annotations and handoff**, implementation review, **accessibility practices**.

Research and tools: Information architecture, interaction design, usability testing, interviews, journey mapping; Figma, FigJam, interactive prototyping, HTML/CSS, JavaScript, TypeScript.
